

FLO's Job Seekers Network Group

The Job Seekers Network Group is for Foreign Service family members who are committed to a job search in the Washington D.C area. The Network Group will serve to get updated job search information, keep you motivated, and put you in touch with colleagues also looking for work. The idea is to share information, contacts, tips, and offer support.

The Job Seekers group meets once or twice a month at alternate locations, but mostly in the Department of State main building in Washington D.C. FLO sends out notices to announce the meeting dates and details.

If you are interested to join the Job Seekers, please email us at FLOAskEmployment@state.gov and we'll put you on the distribution list.

During the summer, FLO offers general *Employment Orientation sessions* for family members returning to the U.S., as well as meetings for those who will go overseas shortly. See FLO's website at www.state.gov/m/dghr/flo or call or email FLO for more details.
